

Hemming & Howard 8 p.m. 11/30/68
Haven't seen Hal in some time.
Could talking about him, Oseph
Howard's son. He never got any
offer to kill of F&E for \$50,000.

Something up w/ Haidi
and Nigina. L H differed w/
J P H. Who had a long phone
conversation w/ him. He made
no effort to hide - didn't even
close door so I could not hear.
I was not really interested so I
ceased w/ L H. They told
Steve this was a n. C. agency
job, that they had so some
plans for it (Haidi) L H
has a paranoid man - replace
one dead one with another. He

2) noted as though J H is for.
J H will see Anna. This
week. Doesn't think he was
Lulu's man, says he has been
in U.S. only short while.

Seems to have known Sylvia
O die in Lulu. Some of his
description is indefinite but
insistent, somewhat, none in-
insistent. Wants to see her
picture

J. H. was with Beggs
Mum's paper 11/21/68

O. J. 1, Ex 237 = H. Hendricks

J H wife stayed upstairs, never
saw her. (He is more in fact
lost & he repeatedly asked her
to close door. Two little girls, per-

3) Steps 5, 6 & 7-8 Sat at top of
Steps after a while. When he
left they had come down a few
steps.

When I asked about a B
Pip Canadian vet, J H said med-
ically said "Douglas". Asked
last name: "Nelson". I said

"Lath bridge", L. Nelson. Thanks
Douglas then had psychological
problems. Not high spirit,
always had "two sides"
up fight about him.

I know he has company. One
of D's problems was talking
to L I F E. Says he has

4) with company several times.

His groups were men-
cousins who were the best
C I T. When C I T funds dried
up, these men returned to
mercenary. In order to be
able to, they kept "independ-
ents" informed of what they
learned from company.

J H says Brown not C I T,
not D I T, in UN is his own
report because he can make
more than the "11, 100" he
gets from the \$50, 100 annual
gross of his publishing business,
which runs in his name.

5) Imaginary WGAH exhibit not
for real. A lot of talk with
my & help less make, has to
have been given to J.H. &
disappeared. There seems to
have been an "O.S. 100" all
This is one of the points
on which they say J.H. walked,
offered nothing, was not
aggressive.

J.H. was in the name
not for Jim the & O's.

5) I say probably a new CIA
people on Formosa during
R & R there for Japan.

7) Camp U's clearance tempo-
ary, less high than 100y.

Try to pretend no
that real camps N.O. until
I said I had got. Did de-
scribe training of J.H.

J.H. saw Henry Infante
right after he left N.O. but
then he started later with
Lester in August - in
Miami
